

### The Arts Term 3 Overview

Magill School offers a specialist programme in The Arts to students in Years 3 to 7.

These students participate in one 50 minute lesson each week with Lyn Crowther

In term 3, 2017, the students will enjoy activities which are based on

- ✓ group awareness and cohesion
- ✓ developing confidence and commitment
- ✓ audience skills
- ✓ development of skills for feedback for performers
- ✓ the ability to incorporate such feedback into future efforts
- ✓ introduction to the use of video cameras to film performances by their peers

Assembly performances, as well as performing for buddy classes, whether live or filmed, will be a natural component of this programme.

We shall also explore the shortlisted books in the Book Week 2017 competition.
