

Chinese

2026

Chinese is offered as a Second Language program. The program aims to support students from both Chinese and non-Chinese backgrounds to develop the ability to communicate in Chinese through age-appropriate, real-life contexts.

Throughout the program, all students are supported to develop listening, speaking, reading, and writing skills, along with a strong understanding of Chinese culture.

- Reception and Year 1 students participate in one 50 minute lesson per week.
- Years 2–6 students participate in two 50-minute lessons per week.
